

## Testimonials

*"Catchy songs, solid rock and roll with some great lyrics...certainly is more mature than their age."*

*"It's hard to believe so many great and unique sounds come out of one talented band."*

Tim Horgan

*"The driving guitar leads and strong rhythm section hook you in quickly; TBW rocks hard. Dylan bowed to Hendrix' version of Watchtower. If Jimi were alive today, it would be his turn to bow to TBW's Red House."*
